<b>I</b>	<p><b>Reading Comprehension.</b> <b>Read the texts carefully and check the correct answer.</b></p> <p>Health means much more than not being sick. When you are healthy you say you "feel great". You are</p>	<b>5</b>												

happier and do better work. Health helps you enjoy play, sports, and parties. It also helps you make friends. Health as a whole includes physical, mental and social health. All parts of your body must work together properly to give you physical health. Your mind must act normally to give you mental health. You must enjoy being with you for social health. You usually don't think about your body when it works properly. But you worry about your health when you don't feel well. The healthy body protects itself against many illnesses. It can make a cut finger or broken leg as it was before. But it breaks down and stops working well unless it receives proper care. Your body can stay healthy only if you supply it with the food and care that it needs. All through the history many persons have worked to improve man's health. Also the government and a lot of organizations always try to make useful laws to help protect your health.
